Good Morning Everyone,

Here is a quick update on what is going on in the NH Senate. Please let me know if you have any questions or concerns. Yesterday we passed the following bills:

- SB130 – creating Education Freedom Accounts (with added public school protection and income limitations)
- SB141 – relative to procedures for conducting firearm background checks
- SB92 – which helps to ensure dangerous criminals are not released prior to trial
- And, a few election law bills to protect NH's elections

We also killed SB158 that would have raised property taxes and created donor towns for education funding.

As a member of the Finance Committee, I will be spending much of my time in the next few months on crafting the 2022/2023 State Budget. I'll also be looking at how to spend the \$1B+ dollars coming into the state from the most recent stimulus package.

Thanks,

Erin Hennessey
